The sad news that Bob Hanrahan had lost his long battle with cancer came recently, bringing back a flood of fond memories. Bob was a tall man in both stature and knowledge, with a wonderful easy going personality. He had been involved with CP’s before the beginning of the ICPS.

I first traded letters and views with Bob from the early 1970’s where we developed a great friendship, then through World Insectivorous Plants. I visited Bob in 1986 and was so impressed with the hospitality of Bob and Cathy. He took us camping down at his “bush block” where we helped plant out a few hundred VFT’s, visiting all the best sites of Sarracenia along the way.

Bob and Cathy stayed with us here in Australia in 2007 where I had the pleasure of showing him some of the best of our scenery.

Bob’s knowledge played an important part understanding the growing of Sarracenia both in the U.S. and in Australia.

Bob will be really missed, not only by me and the vast number of friends he had made along the way, but also with his vast knowledge of the CP’s and their growing. Our thoughts are with Cathy and the family.
Carnivorous Plant Newsletter is dedicated to spreading knowledge and news related to carnivorous plants. Reader contributions are essential for this mission to be successful. Do not hesitate to contact the editors with information about your plants, conservation projects, field trips, or noteworthy events. Advertisers should contact the editors. Views expressed in this publication are those of the authors, not the editorial staff.

All correspondence regarding dues, address changes and missing issues should be sent to the Membership Coordinator at the ICPS. Do not send such correspondence to the editors. Checks for subscriptions should be made to the ICPS in US funds. Dues for 2013 are $35 for the first year of membership; renewals are $30 per year.
