INTRODUCING GREG BOURKE NEW ICPS BOARD MEMBER AND CONSERVATION DIRECTOR

Greg Bourke grew up in the southern suburbs of Sydney with the Royal National Park at its doorstep. It was here he encountered carnivorous plants while bushwalking with his father. Greg's passion for carnivorous plants and photography has since taken him to all corners of the country and into South-East Asia where he has been fortunate to discover and describe several new species. Greg released his first book *Australian Carnivorous Plants* in 2012 with fellow enthusiast Richard Nunn. Greg is the current president and editor for the Australasian Carnivorous Plant Society, director of Captive Exotics and employee of The Royal Botanic

Gardens and Domain Trust in the role of Curator Manager (acting) at The Blue Mountains Botanic Garden, Mount Tomah.

THE ICPS SEED BANK

an exclusive member benefit

The International Carnivorous Plant Society offers its members exclusive access to a variety of carnivorous plant seeds. Seeds are ordered online at the ICPS Store:

<http://icps.clubexpress.com>

The Seed Bank cannot exist without seed donations. Information about growing carnivorous plants from seed and donating seeds to the Seed Bank are at the ICPS public web site:

<http://www.carnivorousplants.org>

If you do not have access to the Internet, please send seed order form requests to:

International Carnivorous Plant Society, Inc.
2121 N. California Blvd., Suite 290
Walnut Creek, CA 94596-7351, USA

JOHN BRITTNACHER, Seed Bank Manager, john@carnivorousplants.org
