

10th International Carnivorous Plant Conference

18 - 20th JULY 2014

CAIRNS • AUSTRALIA

The 2014 ICPS Conference, Cairns, Australia, is presented by the three Australian CP Societies, The Australian Carnivorous Plant Society, The Victorian Carnivorous Plant Society and The Australasian Carnivorous Plant Society.

The conference will be hosted by The Cairns Botanic Gardens, which houses an impressive collection of tropical CPs.

This 3-day event will cater for the scientific/academic community, hobbyists and conservationists alike. High quality contemporary speakers and a range of public events will be complemented by two unique field trips.

Two post conference field trips have been organised to capture the diversity of tropical Australian CPs.

- Monday the 21st of a July, a full day trip to Mount Bartle Frere to see 3 different locations for *Drosera schizandra*.
- Tuesday 22nd - Monday 28th of July, a rare opportunity to visit the very tip of Cape York to see *Nepenthes*, Tropical *Utricularia*, *Drosera* and *Byblis*
